Component Mission

The mission of the National Counterintelligence & Security Center is to lead and support the counterintelligence and security activities of the US Government, the US Intelligence Community, and US private sector entities who are at risk of intelligence collection, penetration or attack by foreign and other adversaries.

The Center for Security Evaluation (CSE) office provides Intelligence Community (IC) advice and requirements to the Department of State (DoS) to assist in carrying out the Secretary's statutory responsibility to develop and implement policies and programs for the protection of US posts abroad, their personnel, and national security information.

Major Duties and Responsibilities (MDRs)

- Plan, implement, and coordinate project management activities for multiple United States (US) diplomatic facilities construction projects abroad, ensuring that technical, physical, procedural, and transit security elements are addressed.
- Provide substantive input regarding site selection, review cost estimates to ensure that project and security costs are accurately covered, and perform evaluations of building codes as required if they conflict with proposed countermeasures; identify, evaluate, and discuss risks and potential project implications and advise management of trends and developments that affect project strategies and scope.
- Plan, manage, and prepare strategic and tactical security planning efforts and develop a broad range of security-related support documents in the areas of building construction including security standards, transportation issues, architectural issues, and unique security countermeasures and counterintelligence.
- Plan and conduct comprehensive design reviews of new and/or renovated diplomatic facility construction projects for compliance with Department of State (DoS) and Intelligence Community (IC) agreements and construction requirements as well as with the Overseas Security Policy Board (OSPB) standards.

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE

L E A D I N G I N T E L L I G E N C E I N T E G R A T I O N

- Plan and coordinate project design activities and timelines with DoS planning and construction teams, technical security staff, and general contractor security staff; plan and develop periodic status reports on construction progress, completion forecasts, and issues that may require management intervention.
- Review, analyze, and evaluate dynamic situations in an unpredictable environment and the implementation of construction security plans in compliance with IC and DoS security requirements.
- Plan for and coordinate concept development and issue resolution meetings to review plans and specifications and implement best-practice methodologies in construction projects that represent the interest of the IC.
- Initiate, cultivate, and maintain productive working relationships with security colleagues, IC security experts, senior Foreign Service staff, construction personnel, and Office of the Director of National Intelligence management to provide security status reports and structured recommendations and, when appropriate, present, justify, and/or settle matters involving significant or controversial issues.

Mandatory Requirements

- Extensive knowledge of IC and DoS overseas building operations and diplomatic security systems, standards, and requirements, including technical, physical, procedural, transit security elements and technical security countermeasures.
- Extensive knowledge of construction security policies related to DoS overseas facilities and a demonstrated ability to manage, analyze, and synthesize classified material regarding security standards, policies, and procedures.
- Extensive knowledge of physical security in an overseas diplomatic environment and overseas construction security standards (OSPB and Intelligence Community Directives).
- Extensive knowledge of IC components, security programs, processes, practices, and methodologies, as well as how physical and technical security is incorporated into US facilities overseas.
